50 CENTS PER MONTH

WILSON GOES AHEAD OF CLARK

But Deadlock Still on—Recess
on Until Tonight After
Indecisive Ballots

MISSOURI MINGLES WITH NEBRASKA IN FREE FIGHT

Bryan Refused Floor; Conven-
tion May Adjourn Until
Next August

BALTIMORE, July 1.—After another series of undecisive ballots which were marked by the steady climb of Woodrow Wilson, the Democratic convention tonight, while nearer a choice is apparently still deadlocked. Old stagers predicted that the convention would extend into Wednesday with chances for a stampede, then, if the leaders can force it, or an adjournment with a second convention in August. The balloting continued until late this afternoon.

MISSOURIANS AND NE- BRASKANS CLASHED IN FREE-FOR-ALL FIGHT

A free-for-all fight was started when the Missouri delegation carried to the Nebraska delegation a banner bearing an excerpt from an old Bryan speech, lauding Champ Clark. Bryan demanded the floor to reply. A fight started and delegates rolled on the floor. Missourians renewed the battle several times, when the row was apparently ended. Bryan was refused the privilege to speak. He remarked, after storming lividly about the hall, that he was gratu-
itously insulted.

There being no choice on the thir-
ty-fourth ballot, a recess was taken until 8 o'clock tonight.

DELEGATES WEARY AS CONVENTION OPENED

The Democratic national conven-
tion was called to order this morning at 11:03 o'clock, after adjournment Saturday night at 11 o'clock in a deadlock following the taking of fourteen ballots during the session that opened at 4 o'clock Saturday after-
noon. The situation at Saturday night's adjournment showed that Clark's strength during Saturday's balloting had melted from 549 on the twelfth ballot to 463½ on the twenty-sixth ballot, while Wilson's strength had leaped during the same time from 354 to 407½. Conferences were held Saturday and this morning but apparently no solution of the deadlock had been arrived at when this forenoon's session opened.

BRYAN RECEIVED OVATION WHEN CONVENTION OPENED

After the invocation by Rev. S. Carroll Coats, which followed the opening of today's session, W. J. Bryan received an ovation by the gal-
leries.

Many of the visitors today were women, and no tickets of admission were required. The delegates were weary and many of them investigated adjournment precedents, but agreed that adjournment without nomination will be taken only as a last resort.

The Clark managers conferred together, but were unable to outline any satisfactory plan of action. Sulzer declared that the Clarkites stood where they stood Saturday, and that they did not expect a nomination today. Tuesday or Wednesday. David R. Francis of Missouri agreed with Sulzer both as to attitude of dele-
gates and as to prospects of nomi-
nation.

BALLOTING BEGAN WITH GAIN FOR CLARK; LOSS WILSON—SOON REVERSED

The twenty-seventh ballot was ordered and resulted as follows: Clark, 469; Wilson, 406½; Underwood, 112; Harmon, 29; Marshall, 30; Foss, 38; Bryan, 1.

WILSON CLIMBS AND PASSES CLARK ON THIRTIETH BALLOT

Wilson began to go up on the twenty-eighth ballot when the vote resulted as follows: Clark, 468½; Wilson, 437½; Underwood, 112; Harmon, 29; Kern, 15; Bryan, 1; Foss, 38.

The first break for Wilson came on the twenty-eighth ballot, the second of the day, when Indiana swung 29 of the state's 30 votes from Marshall to the New Jerseyite.

Two other attempts were made to change. New York, after her vote was challenged, gave Wilson nine votes on the twenty-ninth ballot, but under the unit rule Clark retained the solid vote of ninety. New Mexico was also challenged and gave Wilson three, but the unit rule pre-
valued and Clark retained all eight votes.

Wilson passed Clark on the thir-
tieth ballot but there was yet no

WOODROW WILSON.

New Jersey schoolmaster, former Princeton University head, who has held his own all through the balloting for president in the Democratic national convention, and who on the thirtieth ballot passed Champ Clark, who has hitherto held an apparently invincible lead. Wilson is the true Democratic progressive.

choice made. Unofficial figures show-
ed: Wilson, 464, and Clark 455.

The official figures for the thirtieth ballot corroborated the unofficial count and gave the remainder of the vote as follows: Underwood, 121½; Harmon, 19; Kern, 2; Foss, 30.

DEMONSTRATION FOR WIL- SON WHEN HE PASSED CLARK ON 30TH BALLOT

On the thirtieth ballot, Iowa, which had asked to be passed so that her delegates might confer, voted, Wilson, 14, Clark, 12. The vote was immediately challenged and a poll demanded. Ohio gave Wilson and Clark nineteen each, and Underwood ten, following a caucus.

The Wilsonites started a demon-
stration when Wilson passed Clark on the thirtieth ballot. They redoubled their efforts to get Roger Sulli-
van to swing Illinois for Wilson, arg-
uing that if Illinois bolted, it would
stampede the convention for Wilson.

No choice was reached on the thirty-first ballot, but Wilson figures were of the exclusion order. The re-
sult of the thirty-first ballot was:
Clark, 446½; Wilson, 475½; Under-
wood, 116½; Harmon, 17; Kern, 2; Foss, 30.

TWO MORE UNDECISIVE BALLOTS—WILSON IN LEAD

Unofficial figures for the thirty-
second ballot, which failed to nomi-
nate, were: Clark, 446½; Wilson,
477½; Underwood, 117; Harmon,
14; Kern, 2; Foss, 28; absent, one-

half.

The thirty-third ballot also proved undecisive. The unofficial figures are: Clark, 447½; Wilson, 477½; Underwood, 103½; Harmon, 29; Kern, 2; Foss, 28.

A thirty-fourth ballot was taken without choice, and the convention took a recess until 8 o'clock tonight.

DEMOCRATIC HOUSE STANDS UNANIMOUSLY BY CLARK

WASHINGTON, July 1.—Answering W. J. Bryan's charge that Speaker Clark is in league with unhealthy political interests, the House today voted full confidence in the Speaker. "Regardless of political affiliation," the resolution was adopted with appla-
use by both sides of the House.

WILSON PLEASED TO HEAR OF PASSING CHAMP CLARK

SEAGURT, N. J., July 1.—Woodrow Wilson smiled broadly and remarked: "That is very satisfactory," when informed that he had passed Clark on the thirtieth ballot.

Tomorrow Election Day For Freeholders Board

Tomorrow morning occurs the elec-
tion for fifteen freeholders whose

duity it shall be to frame a charter for the city of Santa Ana, the charter to be submitted to the people.

The polls will be open from 6 o'-
clock in the morning until 6 o'clock in the evening. There are five polling places, as follows: First Ward, Lucy House, on East Fifth street near Main street; second ward, Harris House, on Fruit street near railroad; third ward, city hall; fourth ward, Richelleus Hotel; fifth ward, Mrs. Baker's barn, on Lime street,

EIGHT MILLION DOLLAR RAISE IS MADE

County's Assessment Jumps
Up This Year to Total of
\$41,341,310

BIG RANCHES AND OIL WELLS HOISTED

Books of Sleeper's Office Turn-
ed Over to Board of Equal-
ization Today

Showing an increase of \$8,-
897,635, County Assessor Jas.
Sleeper this noon turned his
assessment rolls over to the
county board of equalization.

The total valuation is \$41,-
341,310. The total in 1910
was \$27,784,880. In Sleeper's
first year in office, he brought
the assessment to \$32,463,-
675, and the assessment just
completed brings the figures
well over \$41,000,000.

The big increase in the total is due to two things: The growth of the county and the re-adjustment of assessments. As everybody knows, Orange County has advanced wonder-
fully in the last two years. The biggest share of the increase, however, has come in the re-adjustment. Several of the big ranches were given substantial raises, and in the oil wells district, where Sleeper made a big raise a year ago, the re-adjustment has been to bring those fields into line for proper rates. One company that was assessed at about \$25,000 last year is down on the books this year for \$512,845.

Another feature of the work of the assessor and his field deputies was the collection of \$11,469 cash for taxes on mineral rights. Mineral rights have never been assessed in this county. This assessment is on the leases of lands for oil purposes.

The total is \$41,341,310 includes the operative property, assessed for the state, and upon which the county tax rate cannot be based. The operative property is assessed at \$2,459,515, which is about the same as last year.

The footings for the total assessment are as follows:

Real estate outside of cities—\$21,-
079,175.

Real estate inside cities—\$5,183,-
665.

Improvements on real estate out-
side cities—\$3,474,620.

Improvements on real estate inside
cities—\$3,335,650.

Personal property—\$8,078,255.

Money and Solvent credits—\$239,-
945.

Lower Tax Rate

With the big increase in the assess-
ment, it is more than likely that the
county tax rate will be materially re-
duced.

The tax rate in 1910 was \$1.60
outside cities and \$1.20 inside cities.

The tax rate in 1911 was \$1.50 out-
side cities and \$1.10 inside cities.

County Assessor Sleeper states
that he has endeavored to equalize
all assessments, and that his books
are open to the inspection of any per-
son at any time.

The supervisors will sit as a board
of equalization up to and including
July 15.

RARE ANCIENT COINS SELL FOR MANY THOUSANDS

PHILADELPHIA, July 1.—At the
opening session of the public sale of
the collection of rare coins belonging to
George H. Earle, Jr., the well
known financier, 700 lots of Greek
and Roman gold and silver coins
brought approximately \$8000.

The prices of a few of the most im-
portant include the following: Greek
gold, Sicily, B. C. 287, Drachm, \$96;
Alexander the Great, Distater, \$75
each; Ptolemy I, Stater, \$200; Ari-
ane II, Octadrachm, \$125; Ptolemy
IV, Octadrachm, \$120.

AFTER EIGHT YEARS

Bottle Thrown Adrift in Illinois
River April 30, 1904, Found
On June 15, 1912

LONG BEACH, July 1.—April 30,
1904, Martin H. Shippey, a resident
of Long Beach, set a bottle containing
a letter afloat in the Illinois
river at Browning, Ill., June 15, 1912.

Phil A. Swink of St. Genevieve, Mo.,
found the bottle as it was drifting in
the Mississippi river.

The letter stated that Shippey
would reward the person who found
the bottle and returned the message.
Saturday Mr. Shippey received a
letter from Mr. Swink in which he
enclosed the letter. Mr. Shippey
purchased a watch charm, which he
sent to Mr. Swink.

DEATH FOLLOWS SHOOTING OF APRIL 21

Bernard Ruiz Passed Away as
Result of Bullet Wound From
Wheeler's Revolver

ASSAILANT WAS GIVEN FREEDOM

Coroner Winbigler Wants to
Hear Story of Man Who
Did the Shooting

Bernard Ruiz, shot on April 21, died
last night at the Santa Ana Hospital
as the result of his injuries. William
E. Wheeler, who shot Ruiz, was given
a preliminary examination about a
month ago, on a charge of assault with
a deadly weapon with intent to
commit murder, and the case against
him was dismissed.

The shooting occurred at Los Al-
amitos by officers of that city. He had
been at Los Alamitos about two weeks
when Sunday, April 21, arrived.

Wheeler, an employee of the sugar fac-
tory, and Harry Gallagher of Norwalk,
gave Ruiz fifty cents with which to go
to a blind pig and buy a bottle of beer
for them. Ruiz got the beer and drank it,
and then started to row with Wheeler,
telling him that if Wheeler did not like it to fight. Wheeler and
Gallagher left the place. They were
followed by Ruiz, and a crowd of Spanish
friends, spoiling for a fist-fight. Ruiz
having posed somewhat as an
able boxer and fighter.

Ruiz again tried to pick a fight, but
Wheeler and Gallagher got away and
walked a half-block away. They were
followed by Ruiz, and two or three
others at a distance. Oscar and Emer-
son Smith, boys, stood on porch not
far away, and saw the whole affair.
They say Ruiz shoved or struck
Wheeler, and then backed off. Wheeler
said Ruiz made as though to draw
a revolver and shot. He said he
would not have shot had he not
thought his life was in danger. Ruiz
threw up his hands, and cried out:
"No more; no more." Wheeler turned
the man over to Marshal Ramsey,
who lived across the street, and went
to a hotel and remained until officers
arrived.

Ruiz was shot in the abdomen. The
intestines were perforated seven
times. On the first operation the bullet
was not discovered. It was located
later by X-ray and was removed
from near the spine. Ruiz has been
failing recently, and last night he
died.

Coroner Winbigler expects to hold
an inquest this afternoon, and on his
request Sheriff Ruddock sent Deputy
Sheriff Squires to Los Alamitos to get
Wheeler, who is thought to be there.

Fruit Crops
TO BE SHORT

State Report Gives Estimate of

Various Outputs—Oranges

Reported Dropping

SACRAMENTO, July 1.—Chief Deputy
Merrill of the State Bureau of
Horticulture, today filed the June
crop report, indicating that the state
fruit output will be generally smaller
than the average crop.

Apricots range from a small crop
in Santa Clara county to forty per
cent in Orange County. Grapes
throughout the state are the same as
last year. The lemon crop is light
owing to the winter frosts.

Oranges are dropping badly in im-
portant navel fields. Peaches are
good except Napa and Orange Coun-
ties. Pears are plentiful and prunes
are about average.

TRADED WITH PIE TO BOOT

Two Houses Entered Saturday
Evening—Hobo Exchanged
Coat and Pants

A fair exchange is no robbery.

The hobo who entered the Carpenter's home on North Flower street, near Orchard street, Saturday night may have thought he was making a fair exchange when he took Carpenter's coat and pants, and left hanging on a tree his own coat and pants, but it is not at all likely that the hobo thought the exchange was fair or not robbery.

The hobo visited at least two houses in the neighborhood. One was the residence of Robert M. Wallace at 848 Parton street. A neighbor calling at the place between 7 and 8 o'clock heard someone walking in the house, but could get no answer to the ring of the bell. Later when Wallace came

home he found that a back window had been opened, and someone had been in the house. Nothing was missed.

As Carpenter and his wife were leaving home to go to town Saturday evening, they saw a hard-looking fellow stretched out on the ground in an apricot orchard near their place, but thought nothing of the matter until they returned home.

They then found that in their absence the house had been broken into, and a pie, a pie pan, and a coat and pair of pants had been stolen. A bicycle placed in a rear room of the house and padlocked had been moved toward the door, but evidently was left when the thief found that the bicycle had a chain on it.

The hobo retired with his stolen articles to the shadow of a walnut tree, where in the filtered light from the moon he proceeded to eat of his pie, and to take off his own tattered coat and pants and don the perfectly good coat and pants that he had secured at the Carpenter house. Thinking it a fair thing to do, he hanged the tattered garments on a limb so that Carpenter would be sure to get them the next morning in exchange for those that the hobo probably figured would turn up missing.

MILK STATION IS TALKED OF

Cooling and Bottling Plant For
Dairy Product at Stanton
is Likely

Stanton Optimist: On account of the disagreeable weather the Farmers Picnic held in Stanton on Saturday last was not as well attended as it should have been, but never-the-less the seed was sown for a cooling and bottling station to be built in Stanton. The meeting was opened by Mr. R. Holby Myers, who spoke of the advantages of a cooling and bottling station and of the absolute necessity of the farmers co-operation and the great effect it would have on the price of milk to the farmers. He suggested the lots near the lumber yard as being the most suitable place for a station, and offered the lot at half price, this being his donation to the organization to show his good will and hearty

co-operation in the undertaking. As Mrs. Myers' time was limited he asked Mrs. S. B. Thom Watson to take charge of the meeting.

Mrs. Watson (by way of introduction) owns a small dairy in Los Angeles and is also correspondent on dairy products for the Western Empire. It was Mrs. Watson who first thought of the plan of cooling and bottling the milk in Stanton. "It's the middle-men we must do away with" said Mrs. Watson. "They are eating up the profit on our milk. We send our milk to Los Angeles, pay a freight rate of about 17 cents per can, and the cans average about 80 lbs., then we receive not over 5 cents and most of us get less than 4 cents per quart, the milk is then bottled and sold in Los Angeles at 12 and 15 cents a quart, they are making more on the milk than the farmer and dairymen get for it. Then the city ordinance states that the milk must test 3.50 per cent and the farmers tell us that the milk never tests below 4.50 per cent and up as high as 7 per cent. Why is it that the Los Angeles Creamery has a case pending now for selling milk that tested below 3.50 per cent? It is very plain that the milk is separated and the bulk of the cream made into butter which is put in cold storage and held for a high price. Another rake off for the creameries. "I want to bring my cows out to Stanton," said Mrs. Watson, but unless we can co-operate and build this cooling and bottling station I can't think of doing such a thing, as I positively will not send my milk to Los Angeles and let the middlemen get all the profit, and take whatever they are willing to pay for the milk. If the Crescent and Los Angeles Creameries can take this milk when they have to pay 4 or 5 cents per quart, and get rich off of it, why can't we do the same or at least do better than we are now doing. There is absolutely no opening today as profitable as the dairy business if it is managed in the right way. We could co-operate and build this station in Stanton and of course that would mean the building of a small ice plant too; then we could have the milk brought in from all the stations along the Pacific Electric line, cool the milk and bottle it, have our own electric or gasoline truck ready to take it right in to Los Angeles where we could have our milk wagons ready to receive it and distribute it to the different parts of the city. Mr. Patterson spoke of the possibility of finding ready sale for the milk. Mrs. Watson says, "that is the easiest thing about it. I know positively that we could sell every quart of milk we could send, at 12 and 15 cents per quart. The supply of milk in Los Angeles is not nearly sufficient to meet the demand, people are begging the milk men for extra milk every day."

Mr. Brissell said, "If I could get 8 cents or even 6 cents clear profit for my milk I would feel satisfied." Mrs. Watson says, "if we will co-operate and form an organization of some kind I will guarantee you a clear profit of 8 cents and possibly more." Mr. M. L. Wicks, a noted corporation lawyer of Los Angeles, who came down for the meeting, drew up a plan for the organization, something to the effect that they would organize with a \$25,000 capital, 250, 100 shares. Mrs. Watson says that she is going to take this paper around to all the farmers and dairymen and get their help and co-operation.

Mrs. Watson asked the farmers and dairymen of Stanton to decide when they would have another meeting. She hopes to get everything in readiness to begin on the buildings at once, the farmers and dairymen will co-operate.

AMERICAN RIFLE SHOTS ARE WINNERS

Made Grand Aggregate Score of 1688 in World's Contest at Olympic Games

STOCKHOLM, July 1.—The military team representing the United States won yesterday the international army rifle shooting team competition at the Olympic games with a grand aggregate score of 1688.

A. P. Lane, representing the United States, won the dual shooting individual competition at the distance of thirty meters with a score of 287, Palen of Sweden was second with 286, and Vounous, another Swedish entry, finished third with 284. John Diet of the United States finished in fourth place with a score of 282.

In the third stage, distance 500 meters, of the international team championship for army rifle shooting, the United States team was first with a score of 424. Great Britain and South Africa were tied for second honors with 390 and Sweden finished fourth with a score of 384.

The arms used in the competition are the national military weapons of each country, according to the latest adopted models, without any alteration or addition.

The team representing the United States also headed the list in today's stage of the clay-bird shooting competition. The best results were: United States, 108 hits; Germany, 107, and Great Britain, 104.

At the end of the second stage, distance 400 meters, of the international team championship for army rifle shooting, the United States team again was in the lead with a score of 444. The scores made by Captain A. L. Briggs, U. S. A., and Lieut. C. T. Osborn, U. S. N., were the biggest possible. Sweden captured second honors in the second stage, with a score of 416. Great Britain falling back to third with 410.

The Tustin Improvement Association will meet Tuesday, July 2, at 8 o'clock p.m., at the Bank Railroad and other matters of importance will come before the meeting. All are invited.

By order of the committee,
J. S. RICE, Chairman.

"When 'tis known the Dragon will cater, none invited will send regrets."

DAMP LAND FOR SALE

It is a good income property. It is a safe investment. It is increasing in value. It is A-1 alfalfa land. Nothing better for lima beans. It has a sugar beet crop growing on it now that is worth \$100 per acre gross. It will rent for \$30 an acre cash or one-third of the crop. It is in sight of the county seat. It is in sight of three sugar factories. It is a pleasant place to live.

Also A No. 1 Alfalfa Ranch

It has a well which flows 140 miners' inches of water, AND IT ALWAYS FLOWS; you can sell the water for 75c per hour when you don't want it. It works while you are asleep. It is no expense to keep it. This ranch is a sure money-maker. It is a pleasure to show it to you. It is something to be proud of.

I HAVE MANY OTHER RANCHES, all of them are good, but like the Irishman's whiskey, some are better than others.

I HAVE LISTS FROM WASHINGTON TO MEXICO, and a fine list of city and beach properties.

I AM A PRACTICAL FARMER. I KNOW A GOOD THING WHEN I SEE IT. I HAVE A GOOD MACHINE; it is a pleasure to show property.

MT. WILSON TRAIL SAFE FOR AUTOS

Watchfulness, however, is
needed in making the rough
but enjoyable ride.

For the information of automobileists who may desire to make a trip to the summit of Mount Wilson over the newly opened trail Miss S. C. Geary, secretary of the automobile club, last Friday made a trip of inspection over the trail, that accurate information might be furnished to club members, says the Los Angeles Tribune. Miss Geary, with several newspapermen, was the guest of Ralph Hamlin, head of the local agents of the Franklin auto, the trip being made in one of the new Franklin cars. Concerning the condition of the trail, and the road by which it is approached, Miss Geary made the following report:

"The road approaching the foot of the trail is unusually good, being a boulevard nearly the entire distance to the foot of the mountain. The trail itself is fairly good, although the turns are sharp, and road still soft on the turns. From a standpoint of scenic beauty I consider the trip one of the most magnificent in the state."

"The trip may be made in perfect safety, I believe, by a careful driver who has absolute confidence in both himself and his car. It is not, however, a 'joy ride' by any means, and

DEATHS OF WELL KNOWN PIONEERS

Mrs. C. F. Mansur and Mrs. W. W. Buell Passed Into Unknown Country Yesterday

Two well known Santa Ana women entered into the mystery of death yesterday. The first of these to pass away was Mrs. Lettie Gale Mansur, wife of C. F. Mansur, who died suddenly yesterday morning at the Mansur cottage, Laguna Beach, at the age of nearly 69 years. Mr. and Mrs. Mansur went to Laguna last Wednesday to remain over the Fourth. Mrs. Mansur was taken unexpectedly and seriously sick Saturday morning, but was apparently much better by evening and on Sunday morning. Turning on her side Sunday morning, after having her bed freshly made, Mrs. Mansur remarked that she felt so comfortable she would take another sleep. A short time later her husband, entering the room, heard two peculiar sounds, and hastening to his wife's side, exclaimed: "She is going." And so it proved. With two or three more gasping breaths, Mrs. Mansur peacefully entered into her long rest.

The sons, O. E. Mansur of Orange, secretary of the S.A.V.I. Company; F. W. Mansur of the Orange County Title Co.; A. H. Mansur of Los Angeles; Carl Mansur of Santa Ana, and the daughter, Mrs. Earl Glenn of Santa Ana, were at once summoned and hastened by motor to Laguna. Mrs. Mansur's remains, ac-

companied by the husband and family, were brought to Santa Ana Sunday afternoon. Arrangements for the funeral await word from the other daughter, Mrs. Frank Talbert of Iowa, and date of funeral will be announced later.

Mrs. Mansur has lived here for probably 35 years or more, and has been prominent in club and social circles. A notable event was the golden wedding which she and her husband celebrated last September. All of the children, with their families, gathered together for the event.

Mrs. Hannah C. Buell, wife of Wallace W. Buell, a pioneer resident of this city, died Sunday afternoon at 1:45 o'clock at her home, 805 West Fifth street, after an illness of several months.

Mr. Buell was born in Indiana July 1, 1845 and is survived, besides the husband, by two sisters, Mrs. W. A. Allen of Garden Grove and Mrs. Chios Wilson of Waterloo, Iowa, and by six daughters, Mrs. J. L. Parsons of Santa Maria; Mrs. R. W. Pearce, of Long Beach; Mrs. Elmer C. Hungerford, of Los Angeles; Mrs. A. L. Harrington, of Bakersfield; Mrs. Nettie Tickas and Miss Alta L. Buell, of this city, and by fifteen grandchildren. Her only son died three years ago, July 12.

At the bedside were all the daughters except Mrs. J. L. Parsons, of Santa Maria. Mrs. Buell leaves many friends in this city who will be greatly grieved to learn of her death. Funeral exercises will be held Tuesday afternoon at 2 o'clock from the family residence.

Buy A "SWIM EASY" Bathing Suit

And Be Safe and Comfortable in the Water.

Adjustable, Perfect Fitting, Durable

The "SWIM EASY" Suit is made all in one piece, the weight of the skirt and bloomers being supported from the shoulders. The bloomers do not sag when wet, and the skirt cannot twist around out of place.

The suit can be put on in ten seconds. There are only four buttons to fasten it, two at the top and two at the waist.

The suits are all adjustable, fitting several sizes with a few simple changes. One suit will serve for a 32, 34, or 36.

There is nothing more satisfactory than a "SWIM EASY" in the water, for it cannot bother you when swimming, and it looks well either wet or dry.

MATERIALS—Only the best, non-shrinking, non-stretching cloths are used, such as mohair, danish cloth, and a special twilled material. We show a big line of these suits in black, navy, and shepherd plaids prettily trimmed at the top, waist, bottom and sleeves in white braid or colored piping.

LADIES' SIZES, \$2.00, \$2.50, \$3.00, \$3.50, \$4.50, \$5.00.

CHILDREN'S SIZES, \$1.00, \$1.50, \$1.75, \$2.00, \$2.50, \$3.00, \$3.50.

Bathing Caps 15c, 35c, 50c Bathing Shoes 35c, 40c, 50c

Gray striped rubberized material with an elastic, splendid value for 15c.

Rubber lined, polka dot sateen, colors of red, blue, and black, with elastic, 35c.

The "Mermaid," sateen cap in big dots, red blue and black, finished with band, 50c. This is a stylish cap.

Our best shoe comes in a heavy canvas, canvas top with shoe laces, and canvas sole with cork interlining. Price 50c.

Lighter weight shoes, with canvas covered soles, 35c and 40c. Colors of black and white.

Bath towels, bleached, large size, special this week, 35c towels at 25c, and 25c towels at 19c.

We've Outgrown Our Present Quarters--More Room Becomes A Necessity To Handle Greatly Increased Business THIS WEEK WE MOVE

TO THE ROOM FORMERLY OCCUPIED BY THE WEST END GARAGE.

As is well known to most auto owners, we have been in the same room with the Santa Ana Vulcanizing Works since we started in business two years ago. We have enjoyed an increase of business far beyond our expectations and are still rapidly growing. For this reason we have decided to move into a portion of the large room across the street, a part of which will be occupied by the Santa Ana Vulcanizing Works. In our new location we will be better prepared than ever to serve our patrons.

We Will Carry A Full Line of Everything Electrical For the Automobile

We install Ignition Systems complete.

We equip any make of auto with electric lights.

We recharge Batteries and repair same.

We are equipped to repair any kind of coil or magneto.

WE ARE IGNITION EXPERTS AND SPECIALISTS AND ARE BETTER EQUIPPED THAN OTHERS FOR CURING IGNITION TROUBLES.

The average auto mechanic often spends hours looking for ignition troubles that an expert on ignition would see at a glance—we therefore save you time and money. In our new room you can drive your auto into our shop while adjustments or repairs are being made.

ORANGE COUNTY IGNITION COMPANY

CHEAPER MONEY FOR OUR FARMERS

There is a movement at Washington, headed by Senator Gronna, of North Dakota, to aid farmers to secure loans at low rates of interest, with their crops as security. Senator Gronna's idea is to authorize the president to appoint a commission of three to "investigate the operations of co-operative land mortgage banks and of co-operative rural credit unions in other countries." The commission is to report within a year to congress, and to recommend how the systems of land mortgage banks and rural credit unions, which have proved so successful abroad, may be best adapted to the needs and requirements of the people of the United States.

Continental Europe is well acquainted with the scheme. Perhaps the best known institutions for the purpose are the Credit Foncier of France and the Landschaften of Germany. The Credit Foncier is a limited liability company, operated under the supervision of the French government, for the purpose of lending money to public service corporations, communities, counties and to land owners, and to create and negotiate bonds based on mortgages, which are limited to the amount due from the lender. In other words, the credit Foncier acts as an agent for the French farmer, so that instead of seeking to raise money directly from some local investor by mortgaging his farm, the farmer places his mortgage with the Credit Foncier, which in turn issues a bond based upon that mortgage, and this bond can be sold anywhere throughout the country.

In Germany practically the same system prevails in what are known as "Landschaften." These are societies of farmers with power to issue bonds based on mortgages held by the association. These bonds are guaranteed by every member of the society. With this guarantee these bonds find ready sale in any bank in the empire, and are bought by investors of every class.

There isn't any reason to doubt that such a system would be successful in this country and fully as valuable as it is abroad. It should be introduced here and the link provided for the farmer to get his offers before the general investor, then plenty of money at cheap rates could be found for investment.

NOT MUCH CAUSE FOR JOY

The lemon growers of California will be asked to support Taft and save the lemon tariff just as they were appealed to before the primaries, but a calm and candid review of the convention proceedings does not give them any especial occasion for joy.

First of all the chairman of the convention was Senator Root of New York, who fought the present tariff on lemons when the Payne-Aldrich bill was passed. His debate with Senator Flint on the lemon schedule was one of the interesting features of the discussion in the senate. Root was working in the interests of the Italian importers and fruit dealers of New York, who form an important political factor in that city. He made a good deal of talk about cheap lemons for the poor, but as a matter of fact he was playing up to the Italian-American vote. Congressman Harrison of New York, who recently opened up the lemon tariff question in the house, put up just the same line of talk and for exactly the same purpose. He was trying to line up the Italian vote for the Democrats just as Root was trying to control it in the influence of Republican organization represented by Boss Barnes. And both of them were quite willing to sacrifice the California lemon grower in order to accomplish their purpose.

Now this same Root is put forward to preside over the Republican national convention, to make its keynote speech and to shape its platform. From the standpoint of the lemon grower, that does not look good.

The tariff plank in the platform adopted is a colorless thing that might mean most anything. Here is the essence of it:

"We hold that import duties should be high enough, while yielding a sufficient revenue to protect adequately American industries and wages. Some of the existing import duties are too high, and should be reduced. Readjustment should be made from time to time to conform to changed conditions and to reduce excessive rights."

That is about what Clark or Underwood would say and we know they are no friends of the lemon grower. Is it possible that Root had in mind

Civic Bodies Make a Statement Regarding Freeholders Election

To the Voters of Santa Ana:

In view of the conditions of the Freeholders election we deem it only fair and proper to make the following statement concerning the original fifteen men selected for that purpose. As it was evident that no action was to be taken towards placing a ticket of Freeholders before the people, and that the whole matter was to go by default, the Chamber of Commerce, Merchants & Manufacturers Association and City Trustees held a joint session and each body agreed to secure five of the best men available who would consent to run. This course was followed, each of the bodies named selecting five men, and a great deal of persuasion was necessary to prepare a ticket. The sole idea was to secure men best fitted to frame charter for the City's needs and there was no declaration or intention of furthering any specific question. The names selected by the three bodies are designated by a cross in the ticket below, and we simply ask that they be given the fair consideration to which the facts connected with their nomination entitle them.

JOINT COMMITTEE, representing Merchants & Manufacturers Association, Chamber of Commerce, and Santa Ana Board of Trustees.

the lemon tariff when he suggested that "some of the existing import duties are too high and should be reduced?" Judging from his course in the senate, that is quite likely.

That plank is a sort of "Mr. Facing Two-Ways" sort of a proposition. If you look at it one way, it favors adequate protection to American industries; if you look at it the other way, its advocates revision downward with strong emphasis on the "downward."

There should have been a frank and discriminating recognition of the fact that most of the agricultural schedules in the tariff law as it stands are not too high. The farmer is usually the last class considered in tariff legislation; the manufacturer is right on deck and often gets all he is entitled to and then some. The Republican platform would have made it clear what class of schedules should be reduced and what left as they are.

It will be hard to make the fruit growers of California feel that they

are going to be adequately cared for under a tariff policy outlined as above and voiced by a man like Root.

We can expect nothing better from the Democrats, but it is hoped that the National Progressive party platform will give us more reason for satisfaction and hope.—Riverside Press.

The People's Forum

Brief communications will be published under this head, provided they be signed by the author, or the author's name be sent to the editor as author and title. Editor shall be the sole judge as to the propriety of publishing any communication, and the Register assumes no responsibility for any views that may be expressed in this column.

Political Morality

The great controversy now before the American people is hardly worth talking about. It is a question as to whether or not the republican system is a failure.

Unless the will of the majority can be ascertained, and surely ascertained, through the medium of the ballot, the foundation of this government rests upon nothing.

I should a thousand times rather see a president come from any of the political parties of this government, than a Republican should come who was not honestly elected. The question should be settled now, whether this government is or is not a failure, with respect to popular sovereignty. That is the question, and it should be settled now. Have the people the power, and have they the sense to use it and say now, that no man shall sit as an executor or a maker of laws who has not been honestly elected.

Whenever a man is submitted as a candidate for the highest office in this Nation, who has not been honestly nominated, when there is any doubt as to his title or source of power becomes poisoned; and the moment people begin to think he came up through fraud, that moment they cease to have respect for the executive department of this Government.

That moment they cease to have respect for the sovereignty of the people which has been prostituted by fraud. I care nothing about the political party—the question is, Who has the right on his side? That is infinitely more important than any personal or party question. My doctrine is that a majority of the people should control, that we have in this country a Sovereign and that Sovereign is the legally expressed will of the people; so that any man that enables or casts a fraudulent vote is a traitor to that Sovereign; any man that knowingly counts an illegal vote is a traitor to that Sovereign, and is not fit to be a citizen of this great republic. Any man who fraudulently throws out a vote, knowing it to be a legal vote, tampers with the source of power, and is, in fact, false to our institutions.

Now, these are the questions to be decided. It is a matter that concerns the whole world. We have got to lay down a stringent rule that shall apply to these cases. There must be such a thing as political morality, so far as voting is concerned.

BRIEF SOCIAL NOTES

Laguna House Party—Luncheon by Mrs. Albright—Other Events Concisely Told

Miss Bessie Hamilton is entertaining at Laguna Beach with a house party, eight students from Occidental College and Misses Marjorie Shaw, Rena Jones, Leah Hall and Flossie Zerman of Santa Ana being her guests. They will not return from the seaside until Wednesday next.

Mrs. Jessie Albright, who with her family recently came here from Rochester, N. Y., was hostess Friday to a number of friends. A delicious luncheon was served for her guests.

Dr. and Mrs. J. Elton Lang of Los Angeles attended the Gustafson-Medlock wedding, and Mrs. Lang remained over a few days as the guest of her sister, Miss Mamie Wall, who is very delightfully located at the home of Mrs. W. N. Tedford and Mrs. Kate Felton on Broadway.

Miss Katherine Lutz and her brother Arthur Lutz held open house last week in the Lutz Balboa beach cottage. Mrs. Poston acting as chaperon for the merry party of young people who were entertained. The house party guests consisted of Pomona College students and included Miss Elsie Parker of Santa Ana, Misses Ruby Poston, Alice Hoyt, Maude Martin, Frances Graham; Messrs. Harry Richards, Ira Roller, Howard Beck, and John Clark.

Attended Lawn Fete

Mr. and Mrs. J. P. Baumgartner, Mrs. L. J. Carden, Mrs. C. S. Kendall and Mrs. I. W. Van Cleave motored to Long Beach last Saturday to attend a lawn fete given at the magnificent country residence of Mr. and Mrs. Sixby on the Los Angeles-Long Beach boulevard. They went on the invitation of Mrs. Nickey, formerly of Santa Ana.

The Santa Ana party found the ride both going and coming most delightful, while the garden fete was brilliant and beautiful. The Bibby grounds are charming, and under the unique and elaborate decorations were well worth traveling many miles to see. Lovely music and splendidly decorated booths added their charm to the gorgeous spectacle.

Supper was served in the tennis court, which had been changed into close resemblance to a forest scene, rustic posts having been planted to support masses of pepper boughs that swayed above. Clear pools filled with darting fish were a pretty feature.

The Santa Anans returned by moonlight after a charming afternoon and delightful trip.

Graduates to Teach

Of the young ladies of Santa Ana who graduated last week from Los Angeles Normal School, a number have already been engaged by various schools.

Among those who will teach are Miss Florence Crozier at Huntington Beach, Miss Louise Gouraud at Savannah, Miss Lela Jackson at Newport Beach, Miss Corlie Crane at Cypress, Miss Gertrude Snow at Redondo, Miss Mildred Mead at Talbert, Misses Fannie Smart and Evaline Hill in Santa Ana kindergarten.

The young ladies are to be congratulated on so soon securing positions after graduation.

MRS. CORA B. CAVINS

Phone, Main 102. 400 North Main St.

BRILLIANT WOMAN HAS ENTERED SAN DIEGO'S RACE FOR MAYORALTY

Mrs. Ray Copley Raum of San Diego, who is now on an overland automobile trip to Boston, accompanied by her sister, Miss Edythe E. Copley, has announced that she will be a candidate for San Diego's mayorality at the April election. Mrs. Raum is the sister of Congressman Ira C. Copley and has devoted a great deal of her time to the study of political economy. She is convinced that she will be elected mayor of San Diego and already has a large number of enthusiastic supporters.

Mrs. Raum is an enthusiastic suffragist and believes that every state in the Union will grant equal suffrage within the next few years. She believes that wherever suffrage has been given a trial it has proved it self a governmental benefit.

In a recent address in San Diego Mrs. Raum stated that she believed all bachelors should be taxed. In detailing her ideas upon this subject she made it plain that the success of any country depends upon the interest which people took in their homes and children.

+ + + + +

Missionary Tea

The ladies of the Missionary Society of the Methodist Church, South, held their regular monthly tea service last Friday afternoon at 2:30 o'clock at the home of Miss Linda Paul, 702 Spurgeon street.

The home was beautifully decorated with ferns and Shasta daisies and the ladies did spend a most pleasant afternoon, for Miss Paul was hostess, made them all feel at home.

A splendid program of both vocal and instrumental solos and readings by different ones was enjoyed. Then came the dainty refreshments, just suitable to the day and occasion. All went home feeling that they had been delightfully entertained.

Daughters of Veterans

At the regular meeting of Sarah A. Rounds Tent, No. 10, on June 28, there were a number of visitors, from Orange, Los Angeles and Sawtelle Tents, including Department President Della F. Bishop, Orange; Department Treasurer Jean Barrows, Los Angeles, and Department Corresponding Secretary Carroll Marks, Los Angeles. All of these are enthusiastic workers.

The Veterans spoke of the good cheer that the Daughters carry to the Veterans at the Soldiers' Home and the many deeds of loving kindness performed by them wherever opportunity offers, thus demonstrating the fact that the Daughters of Veterans are banded together for a noble purpose.

Old-Time Santa Anans Here

Mr. and Mrs. Belmont Perry and Dr. and Mrs. W. F. Larnum of Pasadena, passed through Santa Ana today en route by automobile to Palms in San Diego county. They are stopping over at San Juan tonight, and will proceed to Palms tomorrow, where they will make their headquarters for several days, taking trips over the surrounding country.

Mr. and Mrs. Perry are old-time Santa Anans, having at one time lived on a ranch between this city and Tustin. Mr. Perry at one time owned and edited the Santa Ana Standard, having bought that paper from Dan Baker. Until today, he had not been in Santa Ana for several years, and of course was greatly surprised and gratified at the growth and improvement he noticed on every hand.

For Rebekah Officials

Mrs. George Magill entertained on Saturday afternoon, her guests being the installing officers of Rebekah District Number Fifty, and Mrs. Fannie Lacy, lately elected grand warden of the State Rebekah Assembly.

A luncheon was served by the hostess, a feature being delicious cakes baked in a fireless cooker.

Covers were laid for Madames Fannie Lacy, grand warden; District Deputy President Mrs. Lillian Sheets; Deputy Grand Marshal Mrs. Mae Curtis; Deputy Grand Warden Mrs. Josie Shoemaker; Deputy Grand Secretary Mrs. May Burlew; Deputy Grand Treasurer Mrs. Martha Taylor; Deputy Grand Chaplain Mrs. Anna McMurdo; Guards Madames George Magill, India Cosad, Amelia Prather, Miss Nellie Bacon.

Plans for the coming year were talked over by the officers. Mrs. Lacy has consented to act as musician for the installing officer, Mrs. Sheets.

A physician, finding a lady readying "Twelfth Night," said, "When Shakespeare wrote about patience on a monument did he mean doctors' patients?"

"No," replied the lady; "you don't find them on monuments, but under them."—London Telegraph.

CLOSING MEETING

Ebell Society Heard Gratifying Reports, Also Lecture on "Current Events"

The last meeting for the season of 1911-12 of the Santa Ana Valley Ebell Club was held last Saturday afternoon in Elks' Club House. Mrs. A. J. Crookshank, retiring president called the meeting to order, and after the reading of the minutes of the last meeting, the treasurer's report was heard. This report revealed the fact that the clubhouse fund had reached the sum of \$1634.80, including the receipts from the recent lawn fete. The board of directors recommended the new board loan the building fund, the executive board moving that the money from the lawn fete be incorporated in the building fund.

The president in her report of the last lawn fete said its success was due to the able assistance of the board, credit being especially due to Mrs. H. T. Rutherford for the use of her ground and her untiring help; also Mrs. Charles Kelley and her assistance throughout the entire affair.

The report further said that every member of the board and the chairman of every committee had worked together in perfect harmony and cheerfulness. Mrs. Crookshank said she had enjoyed the year's work and felt like saying that she had had the best board any president ever had.

The report of the recording secretary gave 356 members with total receipts for the year of \$917.

The curator, Miss Cubbison, gave an extremely interesting report, stating that there are thirteen classes and 290 active members. Each class gave an excellent report of work done during the year.

After the reports, Mrs. Lou V. Chapman delivered an entertaining talk on current events. She talked of the two conventions, giving a non-partisan view of the principles involved and their effects on the people; the nomination system, its use and abuse, and its opportunity for trading between Republicans and Democrats, a trade of perquisites. She said that every few years old party lines are obliterated, and new lines drawn, with always a change for the better. Change is the law of progress. No machine was ever made that could stand the power of an awakened soul. There was much more in Mrs. Chapman's talk that was interesting as well as instructive to women voters, of whom she said: "Those women who are most interested in national life are most interested in home life, and home is always first."

A pleasant incident of the afternoon occurred while the president, Mrs. Crookshank, was speaking of her pleasant association with the Ebell members during her incumbency. Little Miss Merle Wilson went to the platform and in a sweet manner addressed the president in rhyme, presenting her with a beautiful pin from the Ebell in token of their regard and appreciation of her services.

The Veterans spoke of the good cheer that the Daughters carry to the Veterans at the Soldiers' Home and the many deeds of loving kindness performed by them wherever opportunity offers, thus demonstrating the fact that the Daughters of Veterans are banded together for a noble purpose.

Old-Time Santa Anans Here

Mr. and Mrs. Belmont Perry and Dr. and Mrs. W. F. Larnum of Pasadena, passed through Santa Ana today en route by automobile to Palms in San Diego county. They are stopping over at San Juan tonight, and will proceed to Palms tomorrow, where they will make their headquarters for several days, taking trips over the surrounding country.

Mr. and Mrs. Perry are old-time Santa Anans, having at one time lived on a ranch between this city and Tustin. Mr. Perry at one time owned and edited the Santa Ana Standard, having bought that paper from Dan Baker. Until today, he had not been in Santa Ana for several years, and of course was greatly surprised and gratified at the growth and improvement he noticed on every hand.

Richard Marple and Mr. Whittaker

of the Southern California sugar factory, motored to Venice and other points yesterday.

Mr. and Mrs. Hugh Hill and Mr. and Mrs. Frank Miller went to Balboa Saturday afternoon for an over-Saturday night and Sunday stay at the seaside. They were guests at the Bay Villa.

Miss Ruth Winslow of Huntington Beach is in Santa Ana studying for the profession of trained nurse.

Mrs. Ida A. Millward and her father, George R. True, left today for Los Angeles, where they will reside. They will be located with Mrs. Millward's sister, 159 North Rowan avenue. Their departure will be much regretted.

George Peabody, formerly of Newport Beach, but now of Arizona, has been elected secretary of the Arizona Associated Chambers of Commerce.

Messrs. Louis Chaudet and James Steele are spending this week with Mr. and Mrs. Alfred Chaudet, 305 East Fifth.

Mr. and Mrs. Alfred Chaudet, Mr. and Mrs. Fred Finuf, Mrs. Bertha Springer of Santa Ana, and Charles Dunn of Pomona, motored yesterday to Moneta and spent the day with Mrs. Steele, daughter of Mr. and Mrs. Chaudet.

Dr. P. A. Cashon and granddaughter, Almyra, from Pomona, are visiting John Sebastian and family this week.

F. T. Preble and little daughter, Anita, started East this morning with the body of Mr. Preble's father, J. O. Preble, which they will accompany to its last resting place at Monmouth, Maine.

Mr. and Mrs. W. M. Six will leave this week for a visit to their old home at Kirkville, Mo. They expect to be gone several months.

Mrs. Sarah Salter left this morning for a month's stay in San Diego county. She will visit her son, Charles Salter, in San Diego, and her niece, Mrs. Ethel Crego, at Fallbrook.

Among Santa Anans spending the day in Los Angeles were F. O. Daniel, D. C. McGee, W. F. Lutz, Mrs. Arthur Lyon, Margaret Lyon, Daisy Lewis, P. L. Toplis, Rev. W. L. C. Samson, R. R. Shafer and G. J. Mosbaugh.

Miss Carrie B. Seaton, bookkeeper in the Farmers & Merchants' Bank of this city, left today for a month's vacation, which she will spend with

March Forth On The "Fourth"

in flying colors. Celebrate the "day of the big noise" in safe and sane Summery clothing.

FOR THE FOURTH—TO THE FORE—Men's light weight Suits in pretty patterns of Cheviots and Worsted—and Blue Serges. Skillfully tailored—\$15, \$20, \$25—and worth it.

GET IT OFF YOUR MIND—The straw hat problem. Purchase a "rakish" Sennit or a conservative Panama. You'll feel better and look better—\$3 and \$5.

STUNNING SOFT SHIRTS with separate collars to match and French cuffs. Materials of better service—patterns unordinary—\$1 and more.

SOAK 'EM IN THE SUDS—they'll come up smiling—these Mermaid Crochet Four-in-hands. Made of purest silk thread and Sea Island Cotton. "Fifty-seven varieties."—50c.

Drop in—we'll be glad to serve you; for we want your trade.

friends at Gresham, Ore., and Cresote, Wash.

R. ... Price and family will move to Los Angeles tomorrow, where they will reside at 121 East Sixty-fifth street.

Miss Edith Havens is spending a week in San Diego with her friend, Miss Bessie Arman, who was formerly a clerk in the Crookshank-Beatty store.

Miss Jean Humphreys of Los Angeles was an over-Sunday visitor at the home of Dr. and Miss Boyd.

Dr. Scherer of Throop College, Pasadena, and his family are spending a couple of weeks at Balboa, occupying the Terry Everett cottage.

H. H. Roper was registered at Hotel Argonaut, San Francisco, on June 29.

Mr. and Mrs. J. L. Hunton are at Hollywood attending an inter-denominational camp-meeting. They will be present for a week or more.

Misses Leslie and Hazel Roberts motored down from Los Angeles last evening with friends for a brief visit at home.

Harry Hanson and wife are at home after a two weeks' outing. One week of their absence was spent in camp on the summit of Old Baldy, which they praise highly as a summer resort, trout fishing and other lines of mountain recreation being excellent.

Mr. and Mrs. G. B. Lamme arrived Saturday morning from Atchison, Kansas, and will hereafter reside in Santa Ana, spending this summer at the beach. They were accompanied by Miss Elizabeth Ewing of Atchison, who will spend several months on the coast and other friends.

Richard Marple and Mr. Whittaker of the Southern California sugar factory, motored to Venice and other points yesterday.

Covers were laid for Madames Fannie Lacy, grand warden; District Deputy President Mrs. Lillian Sheets; Deputy Grand Marshal Mrs. Mae Curtis; Deputy Grand Warden Mrs. Josie Shoemaker; Deputy Grand Secretary Mrs. May Burlew; Deputy Grand Treasurer Mrs. Martha Taylor; Deputy Grand Chaplain Mrs. Anna McMurdo; Guards Madames George Magill, India Cosad, Amelia Prather, Miss Nellie Bacon.

Plans for the coming year were talked over by the officers. Mrs. Lacy has consented to act as musician for the installing officer, Mrs. Sheets.

Hill's Corner

After having occupied this corner for a long time for the purpose of letting people know what we are doing, how we are doing it and what we propose to do, and had supposed that we had told everybody, a man calls to inquire if WE DO PLUMBING. So now we will tell it again in BIG LETTERS, that WE ARE PLUMBERS AND TINNERS and carry the biggest stock of Plumbing Goods, Galvanized Iron and general hardware that can be found in this county, and we employ more men than any other firm in this section and these men know how to do the work required to put the goods where they belong.

Yes! We are PLUMBERS!

LURLINE WINNER OF YACHT RACE TO FAIR HONOLULU

HONOLULU, July 1.—The yacht Lurline, Captain Harris, of the San Diego Yacht Club, dropped anchor in Honolulu Harbor at 9:44 a.m. yesterday, winning the fourth biennial yacht race from Los Angeles Harbor to Honolulu. The direct distance is 2013 miles. The yachting course is about 2600 miles.

The Lurline's actual time, officially, was 13 days, 23 hours, 16 minutes. It was her third victory, and at 10 o'clock last night none of her competitors was in sight.

The other boats were the Seafarer, Captain Norris, San Francisco, scratch boat; the Hawaii, Captain Stroud, Honolulu, eight hours, 23 minutes and 45 seconds time allowance, and the Matoosh, Captain Ashe, Victoria, B. C., ten hours, 28 minutes, 45 seconds. The Lurline had seven minutes, 49 seconds time allowance. She lost her topmast two days out.

Until the Lurline was sighted off Diamond Head, yesterday, not a word had been heard from the four yachts since they vanished over the horizon outside Los Angeles Harbor two weeks ago yesterday. At that time Captain Norris, with the Seafarer, was in the lead.

The best time for the distance is twelve days.

DEATH CLAIMED 2 IN SAN JOSE RACE

Motorcyclists Pile in Heap in Fast Race—Two Badly Hurt As Others Die

SAN JOSE, July 1.—Two motorcycle racers were killed and two others seriously injured while riding faster than a mile a minute at yesterday's race meet at the San Jose Driving Park.

The dead:
Reed Orr, Sacramento Motorcycle Club.
W. F. Baker, San Jose Motorcycle Club.

The injured:
C. D. Reade, San Jose Motorcycle Club, broken collar bone and possibly internal injuries.

E. A. House, San Jose Motorcycle Club, bruises and lacerations about head and body.

Azino of San Francisco was leading the eight riders in the ten-mile race, four others being bunched together an eighth of a mile behind. On the turn of the upper stretch the machine of one of the four was seen to swerve and in an instant the three others had piled over the falling machine and rider. All four were thrown and their machines smashed and broken.

When the crowd reached the place of the accident Orr and Baker were dead and Reade and House were unconscious.

COLORADO CITY USES SYRUP FOR PAVING

Sugar Factory By-Product Put to Unique Use—Santa Ana May Get Pointer

ROCKY FORD, Colo., July 1.—So successful have been the experiments which have been made by Superintendent Noble of the American Beet Sugar Company with the by-product of the factory, known as beet syrup, on a strip of road near the factory, that it has been decided to close a small portion of one of the city streets, round up the dirt so that it will shed water and then treat it with the material to ascertain the actual cost per yard.

The experiments have more than met the expectations of Noble, and the piece of street which has been treated shows a surface free from dust and as hard as macadam, notwithstanding the fact that the street has been in constant use every day for heavy teams. It is believed the material will prove one of the best ever in the market and that the cost will not be prohibitive.

APRICOT CUTTING ON AT OCEANSIDE

Oceanside Blade: San Pasqual apricot growers are making active preparations for a big season. Drying will begin July 1, and the size of the crop indicates that there will be three weeks of cutting and curing. The season is about a fortnight later than usual, but, owing to this lateness and the cool weather, the fruit will be larger than usual.

A platform for the loading of sugar beets from the San Luis Rey valley is being completed by the Southern California Sugar Company, on the Santa Fe tracks opposite the yard of the Oceanside Lumber Company. The platform is 200 feet long, about ten feet wide and eight feet above the ground. Two dumps have recently been built at Ysidro to care for the crop from the 2500 acres now in beets in that locality.

HOTELS FOR HEALTH OR PLEASURE RESORTS

IN THE JUSTICE COURT

**Fired Shots
into Bedroom**

Huntington Beach Mexican
Sends Bullets Through
Closed Window

Benito Magana was on a rampage at Huntington Beach last night. He had a revolver and a few drinks. The Mexican, either because he bore a grudge or because he wanted to create some excitement, he walked to the window of a room in which a Spanish man, woman and child were asleep. He fired two bullets through the glass. The bullets passed over the heads of the three persons in the bed, and into the wall.

City Marshal Vincent was called, and he and several of the Spanish people began a hunt for Magana. Magana got out of town, but about daylight Vincent caught him in a field.

Vincent brought the man here, and Justice Cox gave him 100 days for carrying a concealed weapon and six days for disturbing the peace. If it is found that Magana was seeking

to kill the people in the house he may be prosecuted on a felony charge. Insane, Or Crazy Drunk? This morning a man came into San Juan Capistrano from San Diego. His actions were such that a telephone message was sent to Santa Ana asking for officers to arrest an insane man. Deputy Sheriff Squires and Constable Heard went down by automobile and took the man in charge. It is the opinion of the officers that the man had been drinking heavily. He says his name is B. A. Johnson.

Flourished Pistol
Marcelino Fernandez of Tustin is in jail on a charge of disturbing the peace of Salome Pedis, who says that Fernandez flourished a revolver and threatened to use it.

BUILDINGS GOING UP IN NEW TOWN

Stanton Optimist: Important developments are now shaping for Stanton and within a few days there will be commenced construction of at least three business buildings on Stanton avenue, between Main and Pacific streets.

A contract has been let by E. M. McClure to C. L. Clary, of Santa Ana, for construction of a two-story building on lot 29, block 2. When completed, the lower floor of the building will be used as an office and workshop for the Stanton Optimist and the upper story will be arranged either for a public hall or for lodging purposes.

This building will have a cement ground floor and will be of substantial construction and modern throughout.

C. E. Ninniger, of Santa Ana, who owns lot 21 in block 2, will also commence construction of a two-story building within thirty days. The type of which will be the same as the McClure building and will join it on the south. Mr. Clary will also construct this building.

M. F. C. Beecher, capitalist, of Los Angeles, has cleared the ground and has plans perfected for construction of a modern garage on lots 1 and 2, block 3, and work will commence on this building just as soon as some of the minor details are worked out.

Several residences are soon to be constructed and everything in general begins to look bright for the future of Stanton.

"Your husband seems to be very impatient lately."

"Yes, he is, very."

"What is the matter with him?"

"He is getting tired waiting for a chance to get out where he can sit patiently hour after hour waiting for a fish to nibble at his bait."

AT THE COURTHOUSE

**REVERSALS IN
THE TWO CASES**

Upper Court Renders Decision
in the Appeals of Breeding
and Mrs. Croft

Attorney Harding today received notice that the appellate court had reversed the superior court in the cases of William Breeding and Mrs. Nina Croft. Breeding and the woman were sentenced to a year in the county jail after conviction of immorality. That there would be a reversal in Breeding's case was known some time ago when a parallel case was decided. Attorney Harding thinks that the reversal in the Mrs. Croft case was on his allegation of the misconduct of the jury in that when it took dinner at a restaurant some of the jurors took seats at tables with other people not on the jury.

Mrs. Meador On Trial

Mrs. Kate Meador is on trial in the superior court today on a charge of selling liquor in violation of the Wylie local option law. The charge is that on April 18 at her home at Delhi she sold beer to Deputy Sheriff Law. Delhi is in the fifth supervisory district, which is no-license territory by virtue of the election held last November. The woman is being defended by Attorney Nesbit of Los Angeles and Attorney Harding of Santa Ana.

Hearing Continued

The petition of the United Presbyterian church to mortgage its property was continued until tomorrow.

Marriage Licenses

August Alfred Ranke, 25, of Santa Ana, and Grace Gertrude Taulbee, 24, of Orange; Worley O. Timmons, 36, of Greencastle, Ind., and Ruth P. Pruitt, 35, of Eunburg, Ind.

**BOOK STORE OPENING
ENJOYABLE AFFAIR**

A large number of Santa Ana people enjoyed the opening of the Santa Ana Book Store Saturday afternoon and evening. The store has been made very attractive, and the decorations for the opening occasion were particularly pleasing. Punch was served the visitors at the store, which is now located at the corner of Bush and East Fourth streets, and an opportunity given under the courteous guidance of N. A. Ulm and his associates to inspect the many pleasing features of the book store's new home. The reception was joined in by the Bartlett Music Company, which has its headquarters in the store.

In the evening many of the young folks took advantage of Mr. Ulm's invitation to a dance, given on the stage of the Grand Opera House. This proved to be an enjoyable affair.

HANDICAPPED

This is the Case With Many Santa Ana People

Too many Santa Ana citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Santa Ana evidence?

Mrs. M. W. Davis, 768 Cypress Ave., Santa Ana, Cal., says: "Doan's Kidney Pills have been used in our family off and on for several years. The person who has used Doan's Kidney Pill was severely afflicted with kidney trouble, the chief symptom being pains in the back. On a number of occasions he was obliged to quit work owing to the severeness of the attacks. Doan's Kidney Pill, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) brought prompt relief and they have been an unfailing means of relief in this case since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WOLGSTAD AND RIVERS IN GOOD FIGHT CONDITION

LOS ANGELES, July 1.—Wolgstad will box tomorrow in his final workout before the Wolgstad-Rivers fight on Thursday. He is apparently in good condition, although lighter than his trainers would wish. He rested today after a strenuous workout yesterday.

A message from Venice this morning says Rivers slept late, but had planned some road work and a sea bath. He is already near proper fighting weight.

Solving the Yolkless Egg Problem
William C. Christine, a carrier on one of the rural routes out of Washington, puts in his spare time raising chickens, and he claims to have developed a hen that lays yolkless eggs. Christine says this hen has laid half a dozen eggs of that variety. It is his ambition to supply yolkless eggs to bakers and caterers for use in icing cakes.

Roosevelt Ready to Hear Plans
For Uniting the Roosevelt
Forces For Success

OYSTER BAY, July 1.—Robert S. McCormick, the leader of the Illinois delegation to the recent Republican national convention, visited Colonel Roosevelt today for conference. McCormick, who was originally a Roosevelt, refused to bolt with the Colonel, and remained with the Taft organization. He admitted that the situation in Illinois is badly muddled.

It is believed McCormick is here as an emissary from Governor Denen of Illinois. He replied: "I am unable to state," when asked if Governor Denen would consent to run on the ticket with Roosevelt.

Colonel Roosevelt said before the conference: "I will listen earnestly to what they have to say. I hope some way may be found to unite the forces so that the Roosevelts will not remain divided."

RANCH ON NORTH
MAIN STREET SOLD

Orange News: Mr. Henry Weseloh yesterday became owner of the fine Valencia and walnut ranch belonging to D. Ayer on North Main street, Santa Ana. The sale was engineered by Dutton Bros., of Orange and Mr. Weseloh expects to take immediate possession. The ranch is an eight-acre piece, and is regarded as fine property.

Mrs. Updyke, who was taken to Los Angeles yesterday afternoon underwent an operation at the Sisters' hospital last evening. The operation was made necessary by a very dangerous bowel trouble, but the patient was brought safely through. Although in a critical condition, it is believed that Mrs. Updyke has fair chances for recovery.

A well attended and in every way successful reception was given at the M. E. church to the new members last evening. The affair was a real social gathering and a very pleasant report was given of it. An entertaining program, principally musical, was given and proved very pleasing to the audience. It consisted of a piano duet by Misses Norma Gleason and Gladys Girton, a solo by Mrs. C. A. Palmer, with Mrs. E. J. Brown as accompanist, a reading by Miss Frances Pixley, which was given an encore; a solo by Miss Helen Cory, and remarks by Mr. W. M. Fishback and Mrs. F. V. Pruitt. Mr. Fishback spoke about the work of the church, and Mrs. Pruitt welcomed the new members in behalf of the ladies' societies. Ice cream and cake were served as refreshments.

**FULLERTON GRADUATES
AT ANNUAL REUNION**

FULLERTON, July 1.—Sixty members of the alumni Association of the Fullerton Union High School banqueted Friday night at the Masonic Hall. The annual reunion was presided over by Thomas McFadden, and toasts were responded to by Arthur Sherwood, George Gobar, Sophia Burdorff, Julian Gobar and Principal Brunton.

Miss Edna Welton of the First National Bank left Saturday for the East on a vacation.

The Los Angeles Presbytery held its monthly meeting in Anaheim last week with about 100 delegates present.
